

# TykeLight® RoomMate™ Multi-Color Night Lamp

## Operating Instructions

### Set-up

Insert **Pin Plug (A)** of **AC Adapter (B)** into **Connection Port (C)** on back side of the lamp **Base (D)** and then insert **Adapter Plug (E)** into a regular household power outlet.

Place the RoomMate™ **Lamp (F)** onto a clean, dry, level surface such as the top of a desk, table, nightstand, shelf, or dresser.

**DO NOT** PLACE THE LAMP OR THE AC ADAPTER CORD ONTO ANY BEDDING, PILLOWS, OR CHAIRS; IT IS **NOT A TOY**.

AS WITH ALL ELECTRICAL PRODUCTS USE OF THE ROOMMATE™ REQUIRES ADULT SUPERVISION.

### Switching Sequence

#### Turn it ON

Press and release the **On/Off Button (G)** on the lamp **Base (D)**. It will instantly illuminate, initially set to **GREEN**.

#### Change Colors

When the lamp is green, press the **Color Mode Button (H)** and it will change to **BLUE**.

Press the **Color Mode (H)** again and it will change to **RED**.

Press the **Color Mode (H)** once more and the illumination will change to rainbow cycling **MULTI-COLOR**.

Continuing to press and release the **Color Mode (H)** will sequence through the single and rainbow color modes in the same order as described above.

#### Turn it OFF

When the RoomMate™ is on, in any color mode, you may press and release the **On/Off Button (G)** again and it will instantly switch to **OFF**.

#### Fade to OFF with 15-minute timer

The RoomMate™ can be set to automatically dim to OFF after 15 minutes, which can help children fall asleep or be used to time reading or other bedtime activities. When the lamp is on, and in any color mode, simply **press** and **hold down** the **On/Off Button (G)** until the **Timer-On Indicator (I)** lights up red. This way, instead of turning the lamp off at that moment, you will know in 15 minutes the RoomMate™ will gently fade to **OFF**.

## Care

To clean the outer surfaces simply wipe with a lightly damp cloth. Do not spray or pour dripping liquids onto any part of the lamp or get it wet in any way other than damp cloth cleaning as described.

## Safety

Keep your RoomMate™ Multi-Color Night Lamp away from open flames or extreme heat. As described in the Set-up section, do not use the lamp on any surface, area, or material not intended for supporting a lamp. Use only in areas that are dry and clean. Never plug any electrical product into circuits that would exceed the maximum electrical load for its use.

## Specification

Product Name: TykeLight® RoomMate™

Model: 70193

Dimensions : 6.75 x 7.25 x 4.75 inches

Weight: 14 oz
